For a complete listing of upcoming events, visit [2010 reps.pdf](#).

Community Assistance from the National Park Service

The Rivers, Trails and Conservation Assistance Program (RTCA) helps communities to protect special places for public enjoyment by assisting local partners working together in a process that encourages developing a common vision, creative planning, and collaborative action from all the participants. In the state of Colorado, the National Park Service Intermountain Region is currently supporting 8 community based initiatives. Learn more about the exciting activities and recent successes of Colorado partners in this [state update](#). Can they help a project happen in your community? Do you have an idea for how RTCA could help you take action in your community? They'd love to talk about it. Learn more about the [RTCA program](#) in general, check out the [application](#), or contact Alan Ragins: Alan_Ragins@nps.gov, (303) 969-2855. You may also contact any of their [Colorado Staff](#).

Update on the Bream Ditch

On January 26, the Colorado Water Conservation Board approved the acquisition of the Bream Ditch water right to help improve streamflows outside of Crested Butte. The Bream Ditch project has finished the first lap of its two lap race! With the approval of the CWCB, the project is now on its way to water court, where the parties will seek final approval. If approved, water in the amount of 5.45 cubic feet per second--about calf deep in a small order stream--will be put back in waterways just outside the Town of Crested Butte, watering wetlands through which a local trail system runs and adding flows to a stream reach with public fishing access. For more information, visit [Bream Ditch](#).

Clean Water Network's First Annual Dirty Water Stories Contest

Clean Water Network is sponsoring a Dirty Water Stories writing contest for aspiring journalists and current journalism students. To enter, send Clean Water Network's Gordon Culver (gordunculver@cleanwaternet.org) a story about polluted water and/or water shortages in your community. They are looking for compelling stories that will help communicate to federal, state and local decision makers the gravity of America's water crisis. The winner of the contest will receive a cash prize of \$300. All finalists' entries will be published in the CWN Dirty Water Stories compendium and be posted on Clean Water Network's website. The submission deadline is March 1, 2010. For contest details and more information click [CONTEST GUIDELINES!](#)

American Rivers 2010 River Cleanup

Organizing a river cleanup is a great way to reconnect your family, friends and neighbors with the streams and rivers in your backyard. The first steps to organizing a river cleanup are selecting a date and location, and registering your cleanup online. For more information and to register, visit http://act.americanrivers.org/site/PageNavigator/2010_Cleanup_Registration.

2010 Instream Flow Recommendations and ISF Workshop

CWCB staff is now accepting new instream flow recommendations through February 28, 2010 for potential incorporation into Colorado's Instream Flow and Natural Lake Level Program. All recommendations will be posted on the CWCB's website. Note that previously submitted recommendations that have been postponed for various reasons do not need to be resubmitted. Staff will continue to process these recommendations and address issues with the recommending entities and stakeholders. For more information on the new appropriation process, please visit: <http://cwcb.state.co.us/StreamAndLake/NewAppropriations/>.

Announcement for Public Comment on the List of NPS Proposals

The Administrative Action of the Commission will be on March 9th (approval of the 319 funding list). The full list of all proposals can be found [here](#). The recommended list for funding will be presented on the 9th, after the review.

New Events

March 12, 2010, 11:30 a.m. - 1:30 p.m.: Colorado Nonprofit Week Awards Luncheon in Denver

The luncheon will be at the Denver Marriott City Center, 1701 California Street, in downtown Denver. Visit www.ColoradoNonprofits.org/CNW to learn more or click [here](#) to register now!

March 22, 2010: CSU World Water Day

This event will be held in conjunction with the Annual Hydrology Days Conference. For more information, visit <http://www.globalwater.colostate.edu/>. The aim is to share, highlight and raise awareness about water research, education and outreach through faculty, student and community initiatives. For more information on World Water Day, visit <http://www.worldwaterday2010.info/>. If you would like to reserve a time slot for a demonstration or workshop (25 minutes or so), please send a 100-300 word abstract describing the proposed activity. They are hoping that the demonstrations would be in line with the theme for World Water Day this year which is Clean Water for a Healthy World. Contact Faith Sternlieb at (970) 491-6328 for more information. Your organization can host a table with information about water projects and programs in the area, regionally and or globally. Please let Faith know at your earliest convenience about whether they should reserve a table for you.

Upcoming Events

February 11, 2010: Consortium for Research and Education on Emerging Contaminants Meeting in Fort Collins

The next CREEC meeting will be sponsored by Thomas Borch at Colorado State University. The meeting will be held in the Lory Student Center Senate Chambers and run from 2:00-5:00 PM. The planned speakers are: **Theo Colborn**, author of Our Stolen Future and a visionary in the world of endocrine disrupting chemicals and their effects on humans. Theo will speak via phone from her home in Southwest Colorado on health effects, recent research, and the politics of the Kerry/Moran Bill. **Mike Focazio**, USGS Office of Water Quality and Toxics Substances Hydrology Program, will talk about recent studies of contaminants of emerging concern by the USGS. Folks that are planning on attending this meeting MUST CONTACT Thomas (borch@colostate.edu) or Bill (wbattagl@usgs.gov) prior to the meeting.

February 18, 2010: Selenium Task Force "Climbing the Selenium Summit" in Delta

This event will be from 9:30am to 3pm. For complete details, visit [Save the Date Flyer Final.pdf](#).

February 19, 20, 2010: Water Education Partnerships Workshop and CSU Water Tables

The Water Education Partnerships Workshop will be targeted at water education providers who have **at least one seasoned tool and/or program in use with K-12 audiences**. The day will be spent on building collaborative partnerships to make Colorado's water education programs more vibrant and sustainable. They have scheduled the Water Education Partnerships Workshop for Friday, February 19 from 10am-4pm in Denver. **Please RSVP by Wednesday, 1/20** by following [this registration link](#). CSU's Water Tables in Fort Collins, a fruitful discussion on "Across State Lines: Sharing the Resource", will take place on February 20. Visit lib.colostate.edu/wt10 for more information.

February 20, 2010: Red Mountain Ski Tour and Fundraiser for Ouray County Historical Society and Uncompahgre Watershed Planning Partnership

The tour will take 4 hours, from 10am-2pm, and will include a catered lunch plus a hot toddy/tea and coffee. The cost is a minimum of \$25/person (write checks to OCHS) and reservations are required. There is a limit to the tour group size, and they will meet at the Ouray Visitor Center at 10am to carpool to CR 31. Please R.S.V.P. to Andrew Madison at: ridgway.vista@gmail.com and for questions, please call Don Paulson, 325-0931. Deadline to RSVP is February 17th. For further details, visit [Ouray Fundraiser.doc](#).

February 22, 2010: Algal Workshop Sponsored by the Colorado Lakes & Reservoir Management Association

For complete details and to register, visit [CLRMA Algal Workshop Packet 2010.pdf](#).

February 24-26, 2010: 2nd Annual Exceler8s Festival to benefit Colorado Water Trust project

The 2nd Annual Exceler8s Festival is a charity ski event taking place in Winter Park. This year's event will benefit the [Priority Waters Project](#) -a partnership project of the Colorado Water Trust, The Nature Conservancy and other partners. Festival events include:

- Guided backcountry skiing/snowboarding on Jones Pass
- Private transportation to Vasquez Cirque
- Seminars on avalanche awareness, water conservation, and leadership
- Dinner and silent auction at Devil's Thumb Ranch
- Discount tickets to Winter Park/Mary Jane and lots of SWAG!

Register Now! to take advantage of early bird registration. Or see more of the [great events](#) lined up for the festival.

February 25-28, 2010: 15th Water Conservation/Xeriscape Conference and Expo in Albuquerque

To see the agenda, speaker information, and other information, please visit xeriscapenm.com. To register, click [here](#).

March 3-4 2010: High Altitude Revegetation Conference in Fort Collins

Are you interested in the vegetation aspects of mined land, ski slopes, road building, revegetation, native plants, forests & rangelands, ecological restoration, or wetlands? For more information, visit <http://www.highaltitudeveveg.org/>.

March 12, 2010: Evapotranspiration Workshop: "Using the Best Science to Estimate Consumptive

Use"

The workshop will take place in Fort Collins. Attendees will learn how to improve ET calculation among private and public entities. Instructors include ET experts from Colorado State University, the CO Division of Water Resources, Rick Allen from the University of Idaho and Marvin Jensen. Luncheon speaker will be Dick Wolfe - Colorado State Engineer. The registration fee is \$200. Click [here](#) to register.

March 20, 2010: Wildlands Restoration Volunteers 11th Annual Spring Potluck Celebration

They have planned a **very fun event** with great food, live music, a **silent auction**, and more. You can donate a service, fun event, or special item for the silent auction. Simply download the [Donation Form](#) to your computer and fill it out. Then, email your donation form to jessica@wlr.org as soon as possible to help the auction preparations and **no later than March 8**. See the [Auction Page](#) for more information about how to donate something for the auction. Call 303-543-1411 if you have questions. To sign up for this event, click [here](#).

March 30, 2010: Arkansas River Watershed Tamarisk Workshop in Pueblo

For more details and to see the agenda, visit [March 30 2010 Tamarisk Workshop.pdf](#).

April 11-15th: 2010 Ground Water Summit and 2010 Ground Water Protection Council Spring Meeting in Denver

This meeting is being designed to bring together a mix of regulators, practitioners, natural resource managers, policymakers, and those who supply knowledge and technology needed to address key water issues. The event seeks to integrate cutting-edge science with the leading edge of practice and will focus on the theme "Groundwater for a Thirsty World." For complete details and to register, visit <http://www.ngwa.org/summit2010/index.aspx>.

April 16-18, 2010: Colorado Alliance for Environmental Education's Teaching Outside the Box Conference in Denver

Teaching Outside the Box is an action-packed workshop that brings together the best in environmental education for a weekend of engaging presentations, networking, resource sharing, and more. This conference is for Teachers, Interpreters, Environmental Educators, Youth Group Leaders, Naturalists, and anyone who appreciates and wants to learn about environmental education. The deadline to apply to be a presenter is Dec 21st. Visit their website at <http://www.caee.org/development/conference> for complete details.

May 16-21: Tamarisk Coalition 2010 Trip

Join the Tamarisk Coalition and O.A.R.S. on the river trip of a lifetime through Utah's stunning Cataract Canyon in the spring of 2010! For complete details, visit [Tamarisk Coalition 2010 Trip Flier.pdf](#). To register for the trip, visit <http://www.oars.com/utah/coloradorivercataractcanyon.html>. For questions, please contact Tamarisk Coalition Education Intern: Sarahlee Lawrence at sarahlee.lawrence@gmail.com, or (541) 279-0841.

May 21-24, 2010: River Network's 2010 River Rally in Snowbird, UT

For all the information you need including workshops and presenters, logistics, and registration, visit <http://www.rivernet.org/programs/national-river-rally>.

Funding Opportunities List:

The Colorado Watershed Assembly has compiled a list of governmental and non-governmental funding sources for restoration projects and organizational capacity building. The list can be found on our [website](#).

National Fish and Wildlife Foundation: Five-Star Restoration Matching Grants Program

This program supports community-based wetland, riparian, and coastal habitat restoration projects throughout the United States. Grants ranging from \$10,000 to \$40,000 are provided to projects that build diverse partnerships and foster natural resource stewardship through education, outreach, and training activities. Partnerships should include at least five organizations (nonprofit organizations, government agencies, educational institutions, businesses, etc.) that contribute to project success through funding, land, workforce support, technical support, and/or other in-kind services. Projects that can leverage the amount of funds requested with significant cash or in-kind contributions from project partners are given priority. The application deadline is **February 11, 2010**. For full details, click [here](#).

EPA Five-Star Restoration Program

This program provides modest financial assistance on a competitive basis to support community-based wetland, riparian, and coastal habitat restoration projects that build diverse partnerships and foster local natural resource stewardship through education, outreach and training activities. Proposals for Five Star Restoration Grants are due in **mid-February** each year. For eligibility and application instructions, visit <http://www.epa.gov/wetlands/restore/5star/>.

Model Forest Policy Program

The purpose of the Climate Solutions University (CSU) is to guide and empower local communities in resource rich areas to develop local forest and water climate action plans. The four steps of the community process are: 1) Community decides to take leadership action; 2) Local conditions are assessed for resource vulnerabilities and action opportunities for forest, water and land use planning and practices; 3) Strategies and recommendations are developed; and 4) Actions are implemented, monitored and evaluated for impacts and benefits. This ten month CSU project will guide selected communities through the first three steps and prepare them for action implementation in 2011. The due date is **Feb 22, 2010**. For complete details, visit http://www.mfpp.org/Climate_Solutions_University/2010.html.

Grants Preserve Natural Areas in Colorado

[Great Outdoors Colorado Trust Fund](#)

The mission of the Great Outdoors Colorado Trust Fund is to help preserve and manage Colorado's wildlife, park, river, trail, and open space heritage. In the spring of 2010, the Fund will provide support through the following grant programs: Local Government Parks and Outdoor Recreation Grants assist in the establishment or expansion of park, outdoor recreation, and environmental education facilities. (Mini-Grants are provided for projects in communities of 5,000 people or less.) Open Space Grants support projects that protect natural areas such as urban open space, wildlife habitat, etc. Conservation Excellence Grants target activities which improve the capacity of land trusts to achieve quality land conservation. Planning Grants help communities develop plans to protect open space, wildlife habitat, and parks. The application deadlines are as follows: Open Space Grants: **February 22, 2010**; Local Government Parks and Outdoor Recreation Grants, Mini-Grants, and Planning Grants: **March 2, 2010**; and Conservation Excellence Grants: **March 8, 2010**. Click on the link above for information about each of the grant programs.

2010 CO Division of Wildlife Wetlands Funding

Funding is available for new wetland and riparian restoration and enhancement projects. The Request for Applications is posted on the web at <http://wildlife.state.co.us/LandWater/WetlandsProgram/ProjectFunding/>. Applications are due **February 26, 2010**.

Volunteer Community Improvement Projects Supported

[Home Depot Building Healthy Communities Grant Program](#)

The Home Depot Building Healthy Communities Grant Program provides support to nonprofit organizations, public schools, and public service agencies in the U.S. that are using the power of volunteers to improve the physical health of their communities. Grants support community improvement projects that include activities such as building, rebuilding, painting, or refurbishing; increasing energy efficiency or sustainability; landscaping or planting of native trees; community facility improvements; and the development and/or improvement of green spaces. Grants of up to \$2,500 are made in the form of The Home Depot gift cards for the purchase of tools or materials. The application deadlines for 2010 are **March 1, July 1, and November 1**. Visit the Home Depot website at the link above to take the eligibility test and submit an online application.

Fish and Wildlife Service: North American Wetlands Conservation Act: Standard Grants Program

This program provides support to public-private partnerships carrying out projects that involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats. The deadlines are **March 5 and July 30, 2010**. For the complete details, visit <http://www.fws.gov/birdhabitat/grants/nawca/Standard/index.shtm>.

EPA seeks applications for Environmental Community Grants

The U.S. Environmental Protection Agency is making \$2 million available in 2010 to reduce pollution at the local level through the Community Action for a Renewed Environment (CARE) program. CARE is a community-based program that works with county and local governments, tribes, non-profit organizations and universities to help the public understand and reduce toxic risks from numerous sources. Applications for the CARE grants are due **March 9, 2010**. EPA will conduct three Webcasts to answer questions from prospective applicants about the application process on Feb. 2, 23, and 26 from 1:00 p.m. to 3:00 p.m. More information about the grants: <http://www.epa.gov/care/>. If you have questions, you may contact Dennis O'Connor at occonnor.dennis@epa.gov or 202-343-9213.

Funds for Environmental Programs in Targeted Regions

[Constellation Energy EcoStar Grant Program](#)

Constellation Energy supports nonprofit organizations that are working to improve the quality of life in company communities throughout the U.S. The company offers EcoStar Grants of up to \$5,000 to local nonprofit organizations for projects that address at least one of the following five environmental focus areas: pollution prevention, education, energy efficiency, conservation, and community activism. Funded projects must be located geographically within a region where Constellation Energy does business (the continental states with the exception of AZ, GA, ID, MT, NM, NV, OR, and WY). The application deadline is **March 16, 2010**. Online application information is available on the company's website. Click on the link above.

EPA Requests Grant Applications to Fight Climate Change

EPA announced it is making up to \$5 million in grants available to U.S. and international organizations to fund innovative, international methane reduction and use projects that cut global climate pollution. Non-profit or government organizations in any country may apply for grant funding, but projects should take place in the following Methane to Markets Partner countries: Argentina, Brazil, Chile, China, Colombia, Dominican Republic, Ecuador, Georgia, India, Kazakhstan, Republic of Korea, Mexico, Mongolia, Nigeria, Pakistan, Philippines, Poland, Russia, Thailand, Ukraine, and Vietnam. Proposals are due by **April 15, 2010, at 1:00 p.m. EST**. EPA estimates that awards would be made at the end of 2010. More grant information: <http://www.epa.gov/methanetomarkets/grants.htm>.

For a comprehensive list of trainings visit the Assembly's [website](#).

[Writing for the Reviewer](#)

Sandra Jewell, author of the "Notes from a Federal Reviewer" series, will conduct a webinar entitled "Writing for the Reviewer", designed to help nonprofit organizations create winning applications by understanding and addressing the needs of the reviewer. This webinar will discuss the steps in creating a winning narrative, the overall structure of a successful funding request, and the do's and don'ts of creating memorable applications. The webinar will be held **Wednesday, February 17, 2010**. Visit the link listed above to register.

Building a Fundraising Board

Does your board refuse to accept its fundraising responsibility? Are they willing to help, but not educated/trained in fundraising? Have you wondered if it is time for an extreme makeover of your board? In this session, Linda Lysakowski will discuss the role the board plays on the nonprofit organization's development team, how to engage the board members in the fundraising process, and how to ensure that they will enthusiastically get involved with the fundraising efforts of your organization. The webinar will be held **Tuesday, February 23, 2010**. Visit the link listed above to register.

March 1-25, 2010: State Trails Program Recreational Grant Training Workshops

The State Trails Program will be conducting Recreational Trail Grant Training Workshops around the state, beginning March 1, 2010. These are 2.5 hours long, free and open to non-profits, government agencies, special recreation districts and federally recognized tribal governments. For more information and registration, please go to www.parks.state.co.us/Trails/Grants. Also new to the webpage is a grant training powerpoint.

March 2, 4, 6, 2010: WRV Wilderness First Aid Training

Would you know what to do if someone needed your help in the back country? What if that someone was you or your friend? This course is designed for those of you who want to know what to do in a back country emergency. In this course you will receive hands on practice time. You will participate in first aid scenarios that will sharpen your first aid skills and give you a chance to practice in "real life". The training will be at the Foothills Nature Center, 4201 Broadway St, Boulder, CO 80304. Please bring warm clothes to attend outside scenarios, a notebook and pencil. Please bring your own lunch/dinner (there is a small kitchen at the Foothills Nature Center) and a market just south of the facility. WRV will provide light snacks and drinks. To register, visit [Wilderness First Aid 8 hr](#) or [Wilderness First Aid 16 hr](#). If you have any questions specific to this training please contact Angie at (303) 543-1411.

March 4, 2010: Denver Nonprofit Leadership Series Session on Executive Leadership in Denver

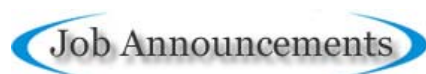

If your organization is facing leadership challenges and is looking for the most effective tools to manage them, this session is not to be missed. For complete details and to register, visit <http://www.cfnp.org/denls3.aspx>.

March 18, 2010: Wildlands Restoration Volunteers Project Management Training

Restoration projects can be complex. Project management is a systematic approach that helps leaders bring in projects on time and on budget while remaining reasonably sane. This training session outlines the basics of project management that can be applied to restoration, or other workplace settings. The training will occur at the Foothills Nature Center, 4201 North Broadway, Boulder, CO 80301 from 6:00pm-9:00pm. For more details and to register, click [here](#).

April 5-9, 2010: Colorado Open Space Alliance Ranger Training

To see the schedule, visit [2010 COSA Ranger Training Schedule.doc](#). To view the session details, visit [2010 COSA Ranger Training Session Details.doc](#).

Job: Online Marketing Specialist

World Wildlife Fund is seeking an online marketing associate to perform a variety of tasks to assist the online marketing team with meeting its fundraising goals in the areas of email marketing and online projects. This is an exceptional opportunity to gain online marketing skills and contribute to the growth of the world's leading conservation organization. The closing date for posting resumes to this position is February 11, 2010. To learn more and submit your resume, visit [Environmental Communications Job](#).

Middle Park Land Trust Seeks an Executive Director

Join this 15 year old conservation organization if you are an experienced leader with proven fundraising, marketing and complex transactional skills and you are passionate about the outdoors! Qualifications include fundraising and marketing experience, excellent oral and written communication skills, successful management of complex projects, and active in outdoor pursuits. Details at www.middleparklandtrust.com. Send resume and cover letter to char.heins@gmail.com. Review of applications will commence February 15, 2010 with an estimated start date of April 1, 2010.

Barr Lake and Milton Reservoir Association is seeking to fill a position for Watershed Coordinator

The Association is a nonprofit 501(c)6 organization located in the Denver area. Both individuals and entities are welcome to submit a proposal for consideration. Applications must be received no later than February 17th, 2010. For the full job announcement, visit [Coordinator job announce 1-29-10.pdf](#).

Educator/Ranch Hand with the Aspen Center for Environmental Studies

The position will be based in Basalt and the application deadline is March 15, 2010. For the full job posting and application instructions, click [here](#).

Combined Youth Team Leaders/Parks and Open Space Workers

Position will be based in Boulder County and is open until filled. For the complete job posting, benefits, and to apply, click [here](#).

Youth Team Leaders and Youth Assistant Team Leaders

Positions are based in Boulder County and are open until filled. For the Youth Team Leaders position, click [here](#), and for the Youth Assistant Team Leaders position, click [here](#).

Fellowship in Natural Science Education at the Gore Range Natural Science School in Avon

This multi-faceted fellowship is a full-time, 15-month professional development program that focuses on K-12 field science education, curriculum development, leadership, and helping to grow a reputable nonprofit organization. For more information, click [here](#).

Job opportunity in the Teton Valley

Friends of the Teton River is hiring for a Streamflow Restoration Director. For a detailed job description, visit [FTR Flow Restoration Job Description](#).

St. Mary's students help out the state by testing Platte River water quality

Classes at St. Mary's Catholic School have been testing water quality once a month for roughly 20 years in a section of the Platte River on Colo. 60 between Milliken and Platteville. It's an important job, after all, as the results are later used by the Colorado Division of Wildlife and other state agencies to decide court cases and make policy decisions. On Tuesday, this eighth-grade class had their annual checkup from Sarah Tolan, an AmeriCorps Vista member who works with Colorado Riverwatch to make sure that the children have been testing the water correctly all this time. The program started in 1989 and has since expanded to 130 different groups across Colorado — 75 percent of which, Tolan said, are school groups like this St. Mary's class. Most are in high schools, but elementary children have also been known to conduct the tests. The goal, Tolan said, is to try to get students more exposed to the outdoors while providing a new, more engaging way of learning about the environment. Greeley Tribune; 2/10/10
